Summary

Full-Stack Developer with 3+ years of experience in building responsive web applications using modern JavaScript frameworks like React.js, Next.js, Node.js, and NestJS. Proven track record of delivering high-quality, user-centric solutions by collaborating with cross-functional teams. Passionate about optimizing code quality, performance, and creating seamless user experiences.

Professional Experience

Kitech/ Full-Stack Developer

January 2023 | Rwanda (Hybrid)

- Led the design and development of responsive web applications using modern JavaScript frameworks, including React and Next.js for the frontend, and Node.js or Nest.js for the backend.
- Translated project requirements into functional features, ensuring alignment with client objectives.
- Collaborated closely with cross-functional teams to establish clear project guidelines and deliverables.
- Implemented best practices for code quality, performance optimization, and user-centric design.

Tekcitadel LLC/ Full-Stack Developer

January 2022 | USA (Remote)

- Partnered with product managers to define project scopes, deliverables, and timelines.
- Leveraged React.js and Node.js to create dynamic and engaging user interfaces and backend functionalities.
- Conducted thorough testing and debugging to ensure seamless functionality across various devices and browsers.
- Provided ongoing support and maintenance for existing web applications, including bug fixes and feature enhancements.

Himax Services/Junior Full-Stack Developer

February 2021 | Rwanda

- Pioneered the implementation of Continuous Deployment processes using Git and streamlining development workflows.
- Collaborated with stakeholders to identify opportunities for enhancing user experience and interface design.
- Lead junior team members and contributed to knowledge-sharing initiatives within the organization.
